Chapter 1 by Story Wars

A long, long time ago, in a Costco far, far away...

The cookie war had raged on for centuries now. The Chocolate Chip faction was dominating, and had the most supporters. They have made most of the domains of the supermarket theirs. Their cunning tactics of obesity and the utilization of Chocolate Chip Artillery (CCA) had pushed the Oatmeal and Raisin faction far, far back. Their alliance with the Sugar Cookie Faction also helped, of course.

The Oatmeal Resistance was on their last legs. The culinary advisors have all but abandoned the faction, and the majority of their supporters had deserted for the Chocolate Chip faction. Only the healthy mothers and the last 5 bodybuilders were left, the rest having succumbed to obesity and the allure of the chocolate chip. The 5 bodybuilders of the Oatmeal faction, the so called “Elites”, could take down a hundred obese enemies each, but it was not enough. They were Healthy Eating’s last Bastion of Defense, and they could not stop the advancing hordes.

This story chronicles the struggle of one of the five elite, and his efforts to retake the grocery aisle.

Chapter 3 by Laurel

But this sugar cookie was unnecessary in the grand scheme of the war. Body Builder 5 knew this as the idiotic cookie danced around the Raisin Cookie base. The healthy mothers hated her but the moronic thing just wouldn't leave so they had caged it and it kept on saying that same thing over and over again. What did the word bae even mean? Body Builder 5 couldn't care less. The cookie would be used as fuel for their great war machines when they took over the grocery aisle. They would burn the sugary emptiness of the chocolate chip cookies to the ground and they would be victorious. It was only a matter of time before their reign of obesity was over and the new health empire would rise from its ashes. But first they had to make a plan.

Chapter 4 by squidkittens

As they loaded the macadamia nut cannons,armed the raisin machine guns, and prepared to drop the almond bombs, they came up with a plan. Body builder number 3 suggested we find out what the word bae meant on google. But it was to late. General chocolate chip had bursted through the door. Body builder number 5 ran as he saw his friends die slowly and painfully .The army of obesity had arrived. The healthy mothers fought fiercely,but it was no use.The last remaining mothers and body builder number 5 had survived.they camped out behind the deli area. They had planned to move to the seafood zone,but the peanut butter cookie faction had recently started taking over there. They had dominated the seafood faction and recently helped the sugar cookie and chocolate chip cookie factions raid the cracker aisle. But for now,they were safe

Chapter 5 by Soljun

One of the healthy mothers looked body builder number five square in the eyes and said. "I have an idea, but you'll have to go fast."

"I cant leave the front lines," Body builder number five said.

"You've got to be kidding me! That's suicide. One does not simply walk into the baking aisle!"
"We'll create a diversion! Kate my daughter will accompany you. She's vegan. Fly you fools!"
And so they ran.

One of the other five pillars fall.

Body Builder 5 dipped his finger into the vegetable mix and tasted it. UGH! It really was disgusting. The baking aisle was completely controlled by the Chocolate Chip Faction, and there had just been the news that the cracker aisle had just fallen to the Chocolate Chip Faction. The general was still on the alert though. He was a tough cookie and always watching. However, Kate proved to be useful. When she noticed that there were *milk* chocolate chips in the cookies, she let out a screech of rage so loud that all the cookies for mile around shattered. Thankfully, the raisin and oatmeal cookies didn't because they were so chewy. With no guards on duty, it was easy for Body Builder 5 to slip the vegetable concoction into the cookie batter.

Chapter 7 by Nicolas Elias

Without the Chocolate Chip Faction knowing the new batch of recruits were sent off to fight, and the CCF had no idea. The next day hundreds of shoppers had rushed into the Costco to buy the cookies, and they were disgusted. The Oatmeal and Raisin faction finally had the opportunity to fight back, so they made an alliance with the Fiber and Protean bar faction. So the strongest Bodybuilder nicknamed Bitter had devised another plan.

Chapter 8 by A Human

Bitter had an accent nearly as strong as him, and that wasn't necessarily a positive thing. It was certainly a shame, for Bitter was ever the wordsmith.

"MI FEELO BOODYBEELDERS! I HAVE THEE MOOST BEEST PLAHN! VEE SHAWL-----
-----!"(censored because the CCF has spies everywhere)

A cheer erupted from the crowd, and they all ran to prepare.

A storm was coming and the best part of it was that the CCF couldn't do anything to stop it.

Or could they?
